GILMANTON ANNUAL REPORT

Mr. Moderator:

As you rap the gavel for the adjournment of this Town Meeting it will mark a historic event in the history of the Town of Gilmanton and in your own personal history. In so doing you will record the completion of twenty years of service (1955-1974) as Town Moderator.

A study of the town reports fails to indicate that any previous Town Moderator has served in this important positions for a longer period of time.

The superior personal qualifications which you have brought to this office has made any challenge to your rulings; to the integrity of the ballot box or to the validity of the ballot count to be totally unthinkable.

By your proven capacity for quickly and thoroughly resolving any problem of debate; your courteous control of Town Meetings; your recognition of the rights of all to be heard; and, by your demonstrated qualities of patience, impartiality and decorum you have brought great respect and dignity to yourself and to the office of Town Moderator.

I am confident that I speak for a vast majority of your fellow townspeople when I say, "It is our prayerful hope that life's destinies will permit you to be willing to continue to serve your town in this important office for many years to come.

In recognition of Colonel Harry W. Besse's outstanding services to the Town of Gilmanton, N.H., in the capacity of Town Moderator for the past twenty years I move that the Town Report for the calendar year 1974 be dedicated to Colonel Besse and that a suitable photograph and an appropriate biographical resume of the life and achievements of Colonel Besse be included therein. Motion made by Col. Wilfred Emond.

Meeting adjourned at 10:30 p.m.

ELIZABETH R. SMITHERS,
Town Clerk, Gilmanton

GILMANTON ANNUAL REPORT

HARRY W. BESSE

Harry W. Besse was born in Wareham, Massachusetts, June 9, 1898. He received his early education in the Wareham public schools, graduating from the Wareham High School in 1916. He entered Tufts College that same year. As with many others of his contemporaries, his college education was interrupted by military service in both World Wars I and II. He was awarded a BA degree Extra-Ordinem by Tufts College in 1948.

Colonel Besse served in the American Field Service with the French Army in 1917 and with the United States Army in 1918. Following World War I he assisted in the formation of the 107th Cavalry, Ohio National Guard, Akron, Ohio. He was commissioned as a Captain in the Army of the United States in January, 1942, and served in the Army Air Force throughout World War II. During the period 1942-1944 he served in the Directorate of Intelligence, Hqs. U.S. Army Air Force in Washington, D.C. From 1944, until the end of hostilities, he served as Asst. Chief of Staff, A-2, of the 314th Bombardment Wing (B-29 equipped unit.) As an element of the Twentieth Air Force the 314th Bomb Wing conducted many strategic operations against the Japanese Empire. Colonel Besse participated in several combat missions including the incendiary attacks on Tokyo, March 9th and 10th, 1945. He reverted to inactive status in the grade of Colonel in March, 1946, but continued to be active in the U.S. Air Force Reserve until June 30, 1958.

His military awards include the American and Asiatic Theatre Medals, the Commendation Medal, the Air Medal and the Legion of Merit.

Colonel Besse was qualified as a private aircraft pilot in 1931 and continues to hold an active private license.

This past year Colonel Besse completed fifty years of service in the investment business of the financial district of Boston. He was elected President of the Boston Stock Exchange in 1946 in which capacity he served until 1962.

Additional former financial and business services include:

- President, Stock Clearing Corp., Boston,
- Chairman of the Aviation Committee and Director of the Greater Boston Chamber of Commerce,
- Member of the Finance Committee of the Chamber of Commerce of the United States, Washington, D.C.,
- Director of the Boston Garden Arena Association,
- Trustee of the New England Baptist Hospital.

Presently Colonel Besse is President and Chairman of the Board of Ventura International, Director and member of the Executive Committee of Allegheny Airlines, and holds a limited partnership in Josephthal and Co., investment brokers.

GILMANTON ANNUAL REPORT

Colonel Besse's community services have been many and varied. In addition to his exceptional services as Town Moderator for the past twenty-one years since his election to that office in 1954, he has served many years as a member and former chairman of the Town Budget Committee.

His services as investment advisor to the Trustees of the Trust Funds of the Town of Gilmanton has provided that body with the benefits of his expertise in the successful investment of these funds.

Colonel Besse is a charter member of the local Ellis-Geddes-Levitt Post No. 102, American Legion, and has served as its Chaplain since the post was chartered April 23, 1947.

Among the many accomplishments of Colonel Besse must be included his recognized ability as a competent historian of the Civil War. He is especially learned in the participation of the New Hampshire regiments in that war.

Colonel Besse's service to, and love of country, are such as to serve as models of inspiration to those of our younger generations. His service on the Town Budget Committee has frequently indicated his concern that our school children have adequate educational facilities, without extravagance, to assure that they be properly prepared to assume their status as responsible citizens and to inculcate in their youthful minds an appreciation of the great American heritage which has been made available to them at such great costs in sacrifice and devotion as exemplified by our nation's history.

With such noble thoughts Colonel Besse has been a true inspiration to all who have been privileged to associate with him in community affairs.

The citizens of the Town of Gilmanton, N.H., take great pride in this opportunity to express their appreciation to Colonel Besse for the exceptional services which he has rendered to his Town and in so doing, wish to express their fervent hope that God's blessings will be with him for many years to come.

d. Rental for the above indicated use of said building shall be One Dollar (\$1.00) per annum plus any funds paid by the Gilmanton Historical Society under the provisions paragraph c. above. (By request of the 1973 Gilmanton Building Study Committee.)

40. Voted to establish the office of the Town Clerk in the Gilmanton Academy Building, said office to be operated at those hours as may be agreed upon by the Selectmen and the Town Clerk; further, that said office to be established at such time as the current so-called "energy-crisis" has stabilized, in the judgment of the Selectmen and the Town Clerk, to such a point as to warrant use of said building for the purposes indicated and or for other community uses. (By request of the 1973 Gilmanton Building Study Committee.)

A letter was read from Governor Thomson from which the following resolution was made:

Resolved that the town of Gilmanton wishes to be recorded as favoring a refinery in the State of N.H. which meets all environmental standards and which does not violate the principal of Home Rule.

This resolution was forwarded to the Governor.

The following motion was seconded and approved by spontaneous standing ovation to Colonel Besse.

CONSERVATION COMMISSION REPORT

Last Summer, the Conservation Commission was invited to attend an "informational type" meeting put on by the Public Service Company of New Hampshire to learn about two possible right of way power transmission routes being considered which would affect the town of Gilmanton. Also attending the same meeting were the selectmen, the chairman of the Planning Board, Robert H. Kent and Ralph Goodwin, Chief of the G.I.W. Fire Company.

Basically, what was described was a right of way which would create a 150 foot wide, 35 mile long corridor between Deerfield and Laconia sufficient to accommodate a 115 KV. power line. Two routes were identified. The so called EAST Route which would run parallel to 107 through Gilmanton from Pittsfield to Laconia and the WEST Route which only touches a corner of Gilmanton near the proposed Dog Track on Rt. 106 and then runs predominately through the town of Loudon.

After holding similar meetings in the other towns affected (Northwood, Pittsfield, Loudon) the Public Service Company evaluated information and local reaction in order to arrive at a PREFERRED "proposed route."

Incidentally, this might be a good time to interject a note about the fine contribution made by Mr. Eric Jordan's, Gilmanton Elementary School 8th grade Science class who prepared two color coded town maps identifying soil types and other environmental information which was made available to the Public Service Co. This data coupled with other economic considerations contributed to the ultimate decision by Public Service to recommend the WEST Route through Loudon.

The town of Loudon responded by passing an ordinance at a special town meeting requiring that all new power lines of 7,200 volt or more, be buried underground. (Public Service estimates this will increase the cost by 10 times.)

An article is on the Loudon Warrant for the March meeting which could recind the previous action. Two Selectmen who have recently indicated their intention to resign have supported the Utility Company's proposed West Route through their town.

An action group of Loudon towns people who have opposed this proposed line as an unnecessary infringement, have incorporated into C.N.A. (Conserve Natural Areas). They plan to take their fight before the Site Evaluation Committee of the Public Utilities Commission when a public hearing in Merrimack County is held at the Concord Armory at 2:00 p.m. on March 10th.

Gilmanton residents and taxpayers interested in this issue who may wish to testify, or merely attend, will have an opportunity a week later when the same Site Evaluation Committee holds the Belknap County Public Hearing in Laconia on March 17th at 10:00 a.m. at the Public Library (Martha Prescott Auditorium).

The Site Evaluation Committee is made up of representatives of such related State agencies as Fish and Game, Water Supply and Pollution Control, Water Resources and the Public Utilities Commission.

We have devoted our entire allocated space in the Warrent to this important issue.

However, in closing let me mention the fact that our water quality testing program is an on going one and we will continue to monitor the purity of our lakes and ponds, identifying wherever possible any sources of pollution.

There are two openings for membership on your Coonservation Commission. Anyone interested in serving for a three year term should contact the Selectmen for consideration to be appointed.

Respectfully submitted,
GEORGE TWIGG, III
Chairman (pro tem)

Donations of books, many paperbacks, and magazines, as well as the subscription to the National Geographic were gratefully received. The response to the call for volunteers to work in the library was tremendous. Many thanks to those who gave freely of their time, especially to the librarian who did the organizing and scheduling.

The ceiling and inside walls of the library have been painted, as well as window and wall repairs that necessarily went along with this project.

1. Again we have completed a calendar year without the challenge of a major fire. However, we have not been without fire alarms. Prompt response and training capacity of personnel have been such as to result in prompt extinguishing of fires which could have resulted in major catastrophies. Our support of the Lakes Region Mutual Fire Aid Association and the Lakes Region Central Dispatch continue to be major plus's in the fire protection of our community.

2. Continued improvement in our equipment has been made by the acquisition of the following items:

- 1 GE. Profession quality Walkie-Talkie Radio.
- 6 Plectron Radio Receivers.
- 1 Wet-Dry Vacuum Cleaner, for salvage and clean-up operations.
Personal gear to include; Helmets, Boots and Mittens.

Auxiliary lighting equipment.
 Miscellaneous fire service small tools.
 Tire Chains

3. We are pleased to report that our Annual Donation Campaign for 1974 was the best which we have conducted with Net Receipts of \$4,912.99. The Net Profit from our 1974 Carnival, likewise, was the best ever at \$2,012.12.

However, with outstanding indebtedness of \$50,000, as indicated on the following Balance Sheet of our Building Account, we cannot relax on these achievements.

4. Several items of major importance have been advanced in our on-going efforts toward the completion of our new fire station. The second floor kitchennette area is about completed with the installation of kitchen cabinets and kitchen sink. Additional ceiling lights have been installed in our rear ancillary facility as well as exterior lights to illuminate the newly installed "medallion" type plaques on the front of the building. To identify the fire station we have installed a 28' sign over the front doors. Carpet has been installed at four selected, first floor areas, for esthetic reasons and in hope of retarding the tracking of sand, grit, etc., to the second floor linoleum.

5. This department has always recognized its responsibility to accomplish adequate training of its personnel. Toward that end we have elected an Assistant Training Officer for the purpose of providing essential support to the Training Officer in this most important area. The motto for our training program will be "To come alive in seventy-five".

6. The following "Balance Sheet" of our "Building Account" is self-explanatory and will provide a complete accounting of all funds made available for the construction of the new fire station.

7. A reflection on progress can be achieved by the following quotation from the 1969 report of this department as contained in the Town Report of 1969.

"During the year of 1969 the members of this department have devoted a great amount of effort in the study of a building program which is considered to meet the reasonable future needs of the department and, at the same time, provide for a major civic improvement to the town"

Again, we wish to express the appreciation of all members of the department for the town and community support which has made completion of the above anticipated building possible.

GILMANTON CORNER FIRE DEPT. REPORT 1974

The year of 1974 for the Gilmanton Corner Fire Dept. was a rather difficult year for the members. Early last spring Chief LaRoche suffered a heart attack and was layed up awhile from the fire service. Deputy Chief, Wayne Sharp acted as Chief and did a fine job. Then in July, Chief LaRoche had another attack and at this time was forced to retire from being Chief. At the September meeting Chief LaRoche retired and Jack Adel was voted in as the new Chief of the Gilmanton Corner Fire Dept.

As the new Chief, the members and I of the Gilmanton Corner Fire Dept. are trying and willing to serve our community to the best of our ability. The growing fire services of our community are asking more of the members we now have, new and interested personnel would be accepted and more than welcomed in the fire department.

The past three months have been spent on the study of a new fire truck for our department. We have come up with a set of specifications that we feel will help us with our fire fighting services in this community and with our growth and association with the Mutual Fire Aid Assoc. This new truck we hope will be in the town budget of 1976, since it takes two years to build a fire truck from the specs we have written up. The fire commissioners have spent a great deal of time on this matter and feel we, as a department, have gone in the right direction.

The department in the year of 1974 has answered 77 calls for a number of reasons, 21 fires, 13 mutual aid, 10 rescue, 22 special service, 3 resusitator, 6 training, 2 false alarms. On motor-cycle weekend we manned our fire station for two nights, a total of 14 hours with at least 6 men each night.

The past year we put a fire escape on the back of the fire station, so our building would be safer for the use of the hall we have upstairs. The kindergarten has the use of the hall for the school year of 1974-75 and there are twelve students enrolled in the class. We also purchased two more receivers, new helmets and fire fighting gear for the firemen. These were purchased from our fund raising and clambake money.

Your continued support at town meeting and other activities is greatly appreciated.

Respectfully submitted,
JACK ADEL, Chief

1. The increase in the gasoline account this year was due to the fact that having installed our own large capacity gas tank, we can now purchase gas in larger quantities. Having purchased it in this way, we estimate we have on hand 400 gallons of gasoline.

2. Due to the lateness of the year when the contract was signed to roof the Gilmanton Corner Fire Station, \$850.00 has been set aside for the completion of this job in the Spring.

To guarantee that a complaint or emergency will be answered, call the Sheriff's Office, 524-3830, as the office is manned 24 hours per day, 7 days per week.

To report a crime, accident or any emergency:

(1) State location where police are needed; (2) What has happened; (3) State clearly your name, address, and telephone number. If possible, obtain description of person or persons involved, write down registration number if vehicle is used.

We would like to express our appreciation to the residents of the Town of Gilmanton for their cooperation in the National Sheriff's Association's "Neighborhood Watch Program". We would like to continue to reduce crime by your support in reporting anything suspicious in your neighborhood.

The Belknap County Sheriff's Department would like to thank Mr. Osler, Mr. Bickford and Mr. Colby, the Board of Selectmen for their continued cooperation during the year 1974, and we will continuously strive to protect the citizens of Gilmanton and provide them with efficient Law Enforcement.

Respectfully submitted,

—REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF—

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 a.m. and 5 p.m. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

STATE REPRESENTATIVE'S REPORT

Gilmanton

As of this writing the 1975 Regular Session of the New Hampshire General Court is four weeks old. This year's session of the legislature finds itself dealing with some of today's most pressing problems, primarily in the area of energy, the economy and the environment.

Since my last annual report, I have been elected by the House membership to serve in the upcoming session as their Speaker. With this position I have assumed major administrative responsibilities within the House as well as obligations resulting from statutory membership on Joint House/Senate administration committees. As can be expected I will be required to expend greater energy and time in my dual capacity as both State Representative and Speaker of the House if I am to dedicate to both the involvement they deserve.

The Route 107 Project for the Town of Gilmanton is now complete as a result of the original petition from the voters of Gilmanton and requests made from my office to the Department of Public Works & Highways. In line with this progress I will be requesting of the Department specific traffic study reports relating to the speed limits in local areas within the district and for more safeguards and guard rails along certain portions of the highway within the entire three town district. These requests have been made because of an expressed interest in these programs by constituents within the district and I appreciate them bringing these potential safety hazards to my attention.

Again this session I will introduce a bill providing for the acquisition of Shell Camp Pond Dam in Gilmanton and making an appropriation to purchase, repair and construct the same. Unfortunately the bill did not pass during the last session, but it is my intention to re-introduce the legislation so the needed reconstruction of the Dam, which is neither owned by the town or the state, can proceed as soon as possible. On the original proposal the requested appropriation was \$42,000 so to allow the State Water Resources Board to construct such a dam. I believe that the request this time will be slightly increased but I am hopeful of passage.

During this session there are many bills involving both local and state governmental activities. For the town of Gilmanton I have introduced legislation to authorize village districts and to maintain and repair roads within the designated district.

Other legislation which I will introduce during this session include: an act to reimburse towns and cities for educational costs when a foster child is sent to a town or city by court order; an act relative to the powers and duties of conservation officers of the Fish & Game Department and an act establishing a Department of Transportation for a more efficient administration for all modes of transportation.

As in the past I will continue to be available to town officials and town agencies to report to them about changes in state laws. I will try to continued to be responsive to your comments and suggestions regarding state legislation or the administration of state government as it affects this town and you individually.

I look forward to receiving your opinions and suggestions this year and will attempt to report more often to you through the local newspapers concerning actions of the legislature and effects of legislation on the three town district.

Because of my very busy schedule, at least during the six month legislative session, you may find it a little more difficult contacting me personally, but I can assure you that my staff will bring your inquiries and suggestions to my immediate attention and you will get a response. During the week you may contact me by calling my Concord office at 271-3661 and on the weekends I can be reached at home by calling 267-8151.

GILMANTON PLANNING BOARD REPORT

Annual Report 1974

During the year February 14, 1974 through its meeting of January 9, 1975, the Planning Board held 15 meetings to elect officers, review local subdivisions, counsel landowners, and assist the Board of Selectmen with zoning hearings and a transmission line location presentation.

Subdivision activity for the past year can be summarized in the following list:

Subdivision applications/plans received	14
Subdivisions approved	14
Total lots in all subdivisions	47
Total acreage of all subdivisions	465.7
Total length of proposed new roads	0
Landowners seeking planning counsel	7

The Planning Board meets regularly on the second Thursday of each month in the Selectmen's Office, Town Hall, G.I.W., at 8:00 p.m. The agenda for each meeting is posted prior to the meeting date in the two town Post Office locations; minutes of the meetings are distributed to town officials and are available by contacting the Secretary.

In August the Board received the resignation of Col. John Collins with regret. Col. Collins served the Board well during his five years as a member; his participation and concern for the welfare of the Town will be missed.

Also in August the Board participated, at the request of the Board of Selectmen, in an evaluation of the proposed Public Service Company transmission line between Deerfield and Laconia. Two alternate routes were proposed, one laid out through Central Gilmanton while the other passed adjacent to Route 106 on the west. The Board recommended that the line, if necessary, should follow existing rights-of-way outside of the Town. However, if this were not feasible, the location should follow the westerly siting. The P.S.C. has since withdrawn their proposal for an indefinite period.

Recently, the Board has worked to clarify and improve the text of the Town Subdivision Regulations. Since the Regulations were adopted in January 1969, the Board has found that organizational and wording problems exist which cause difficulty in applying the present provisions to proposed subdivision applications. An informational hearing will be called in the Spring to discuss the problem and possible solutions.

As is evident from reviewing subdivision activity during the past year, greatly reduced land speculation is occurring. This is the experience statewide due to the national economy. Gilman-

ton has been fortunate that change has been modest now and in the past. Gradual growth has spared the local countryside and has prevented dramatically higher taxes (higher than we have recently experienced).

The Planning Board hopes to prepare the Town for any future development eventuality. Comments and suggestions are welcomed to better assist in keeping Gilmanton a town of beauty, pleasant lifestyle, and future opportunity for its residents.

Members of the Board serving during the past year:

Robert Kent, Chairman

William Hoffman, Secretary

Robert Crosby, Selectman

Gentlemen:

Am enclosing a copy of the total number of animals received from all towns and cities using the shelter in 1974. From Gilmanton we received 48 unwanted or stray dogs and puppies and 47 cats or kittens. Of these, your animal control officer left 10 dogs and 4 cats.

I am also enclosing a copy of the budget appropriations requested for 1975. As you can see, more and more towns are using the societies facilities for their animal control. We invite Gilmanton to use the Community Service by approving your appropriation for this year.

If I can be of any service and provide additional information, please call me at 524-2610.

Sincerely yours,
FRITZ T. SABBOW

For the Annual Report of the Town of Gilmanton, New Hampshire

The Belknap-Merrimack Counties Community Action Program, Inc., has served as a delivery system for services to low income families and individuals of Gilmanton through the Laconia Area Center since 1965.

The purpose of the neighborhood center is to present convenient and comprehensive help to low income and other needy persons and to spur their efforts to better themselves and their environment. It is designed to promote the effectiveness of needed services and maximum participation of neighborhood residents in center planning and operations.

Through the Laconia Community Action Center a complete array of services and programs are offered. The Community Action Program serves in a referral and advocate capacity for low income people in emergency situations. It works with the people to assess the community needs, develops programs to meet these needs, and generate the funds, in-kind services and non-cash donations to support the programs developed.

During 1974 residents of Gilmanton have participated in the following Community Action Programs and Services: General Information and Referral, Emergency Assistance, Winterization, Energy Crisis Assistance, Food Stamp Information and Referral, Rural Transportation, Work Experience Program, Summer Program for Disadvantaged Youth, and Family Planning.

-GILMANTON AMERICAN REVOLUTIONARY BICENTENNIAL COMMITTEE-

The Selectmen of Gilmanton have designated the Gilmanton Historical Society to have charge of arranging local observances of the coming American Revolutionary Bicentennial. The Society has set up a Bicentennial Committee — Harold Brinig, Chairman, Mrs. Brinig, Mr. & Mrs. Conrad Young, Mr. & Mrs. George W. Bingham, Edward Jerome, Mr. & Mrs. George Roberts, Jr., Douglas Towle, Melvin Bunker plus Darryl Thompson and Terence Smithers, representing the Junior Historical Society. Some meetings have taken place and a few projects are being considered. The Committee urgently invites all organizations and individuals to offer ideas or definite suggestions of ways in which we in Gilmanton can appropriately celebrate the Bicentennial.

21,490 lunches with milk were served, an additional 10,479 half pints of milk were used by students at a charge of 5 cents under the Special Milk Program. Lunches were served on 169 days and milk was sold on 176 days. Average daily participation was 124. In Oct. /73 the lunch charge was increased from 35 cents to 40 cents. Each lunch cost an average of 51 cents to serve (this does not include the value of government food used.) The program utilized about

\$1,300. (wholesale value) in government donated foods. Milk prices soared as did most basic foods in the second half of the year. The kitchen staff worked hard to control expenses — their efforts are greatly appreciated.

To the people of the Gilmanton School District:

The last year has seen great changes in the educational program and future of the Gilmanton School District.

During this time this community has cooperated with the town of Gilford in erecting one of the finest school plants in this state. I have worked with the administration of the Gilford Middle High School and seen to it that we have the best teaching staff possible. While the school did open a little late this September and is only recently truly finished, the students and the teachers of the school seem to feel that their situation is greatly improved over past years.

This has not been done without considerable financial sacrifice on the part of the taxpayers of this town. The budgetary burdens created in order to finance this inspired project have proven difficult for many people. But at long last Gilmanton has solved the problem of providing their young people with high school educational services that are guaranteed on a long term basis. At last, we have a home!

This has also been a productive year for the elementary school. New science, ecology, and health programs have been instituted by our very diligent faculty. The teacher turnover remains at a minimum — a significant professional tribute to a good school where teachers are happy to work.

As I stated in last year's report, I am continually reminded of the elementary school I myself attended during the calm but economically depressed 1930's. The quiet intimacy of our little school should be the envy of all in today's fractionalized, bustling, almost frenetic society. I envy the youngsters that have a chance to attend that school.

I pledge myself and my able staff to continue the fine traditions of education established here in Gilmanton.

Respectfully submitted,
R. W. MUSGROVE
